NOTES AND PRECIS.

S.N.1
P.U.C.

Endorsement dated the 16th June 1933, from the Residency Surgeon, Bangalore.

The Residency Surgeon forwards an application, for the award of a Medical Scholarship, from Miss Eva Edwin, daughter of Mr. J. W. Edwin, Assistan Engineer, Civil and Military Station Municipality and says that, if the scholarship awarded to Miss Brown is now vacant, it could not be put to a better use than to grant it to Miss Edwin.

SN 8
200-1930

Miss C.M.Brown was awarded a scholarship of Rs.60/- per month with effect from 1st July 1930 to study medicine in the Medical College, Madras. This scholarship was renewable each year in July, the renewal being conditional on the candidate making ~~sufficient~~ satisfactory progress in her studies. The scholarship was continued for a further period of one year from 1st July 1931. This candidate was prevented from continuing her studies further as she was found medically unfit to attend classes. In December 1932 the candidate applied for release from continuing the study, which was granted. The scholarship awarded to Miss C.M.Brown, and for which there is sanctioned provision in the current year's budget, is now available.

S.N.12

SN. 384

Scholarships are intended to enable poor but promising pupils who would not otherwise be able to proceed with their education to do so. ~~Though~~ Mr. Edwin, the candidate's father, is the Assistant Engineer of the Station, who now gets a monthly salary of Rs.340/- in the grade 300-10-400 with a motor car allowance of Rs.100/-. The Residency Surgeon reports that Mr. Edwin has a family of 17 members to support, a fact which indicates his difficulty to afford the education of his daughter in the Medical College.

In the application it is stated that the candidate is now getting a small scholarship. A search has been made in the Records in this office to trace the orders, if any, sanctioning the scholarship but no orders are forthcoming. It is not known whether she is getting any scholarship from the Madras Government. Before considering the grant of the scholarship and its amount, the Principal, Medical College, Madras, may be addressed regarding the candidate's progress in her studies. He may also be requested to say the source from which she now gets a scholarship and its amount.

Draft submitted for approval.

Please see S.Ns. 1 & 2 and foregoing notes from paragraph 1.

The Principal, Medical College, Madras reports that Miss Edwin appears to be a student of promise and to merit the grant of a scholarship. But the Principal says that the question of a grant of a scholarship, in addition to the scholarship of Rs.25/- awarded to her by the Madras University is left to the Hon'ble the Resident.

Miss Edwin's record in the Medical College is good, the only defect being that she failed in Part I M.B in her first attempt in December 1931. She appeared again for Part I in April 1932 and passed. She has also passed Part II in December 1932. The

M.B.B.S..

M.B.B.S. training covers a study of 5 years and Miss Edwin will be completing her studies by April 1935.

The scholarship of Rs.60/- granted to one Miss Brown is now available. She has been released from continuing her study. If it is considered that Miss Edwin may be granted a scholarship, it seems sufficient to grant her only Rs.35/- as this amount plus the scholarship of Rs.25/- she gets from Madras will make up Rs.60/- which would appear to cover all the expenses connected with her studies. Assuming that a scholarship of Rs.35/- per mensem is granted with effect from September 1933, it will have to be continued till April 1935, i.e. for 20 months, provided that the progress of the candidate is satisfactory. The total expenditure on account of the grant of the scholarship will therefore be Rs.700/- in all.

For orders whether a scholarship of Rs.35/- per mensem may be granted to Miss Edwin. If so, the draft submitted is for consideration.

Miss Eva Edwin was granted a scholarship of Rs. 35/- per mensem with effect from the 1st September 1933 out of the Medical Scholarship of Rs. 60/- per mensem for which ~~there~~ there is sanctioned provision in the current year's budget.

Mr. D.H.Aroolswamy requests that a scholarship of Rs. 25/- per mensem, the balance available out of Rs.60/-, may be given to his daughter who is studing in the Medical College, Madras. The Residency Surgeon recommends that if the balance of Rs. 25/- has not been utilised for other purpose, the request may be sanctioned on hearing the progress of the girl.

The girl has made, according to her progress report, a rather unconvincing start. This may well be due to the fact that the subjects she has had to take have been entirely new to her; she will certainly have done no Physics or Biology at school. I recommend that the scholarship be sanctioned with the definite condition that if she does not pass the College examination next year, it will not be renewed.

C/o Mr. J.W. Edwin,

Bangalore.

Sir,

I beg respectfully to bring to your notice that I have been submitting my application for the Medical Scholarship for students from Bangalore Cantonment area studying in the Medical College, Madras, for the past 2 or 3 years, but as it was already granted to one Miss Catherine Browne, I was not fortunate enough to get it. I now understand that the said student Miss Browne has discontinued her studies from December last and is not drawing the scholarship as she is not likely to rejoin College.

I therefore beg to renew my application for the same and request you will be pleased to grant it. I have been brought up and educated in Bangalore Cantonment from my infancy and my father is working in the Cantonment Municipality for the past 16 years. Though I am now in receipt of a small scholarship I find it very difficult to continue my studies without some other help. I am now in the III M.B. Class and hope to complete the course in about 2 years more. I may also mention that I shall not claim any appointment under you after taking the degree as a matter of right if I am given the scholarship.

You have been pleased to help me since I joined the Medical College and last year you were kind enough to enable me to procure some of the necessary text books.

I respectfully beg you will be pleased to continue this help and grant me this scholarship, for which I shall feel always grateful to you.

Yours obediently,
Sd/- E. Edwin.

Bangalore,

The Secretary,

This Miss Edwin is the daughter of Mr. J.W. Edwin, Assistant Engineer to the C & M Municipality. He is the right hand man of Mr. W.H. Murphy and in 1931, he officiated for Mr. Muphy for four months as Municipal Engineer, and did very well. He is a most deserving man with the children of two sisters and two brothers (dead) to support: He states that these amount to about 17 members. Miss Edwin is a good student, and well deserves help. In the above circumstances, I consider that, if the scholarship is now vacant, it could not be put to a better use than to be presented to Miss Edwin.

Sir,

I beg to submit the following for your favourable consideration.

I am given to understand that the scholarship of Rs.60/- per mensem awarded to one Miss Catharine Brown to study for the M.B.B.S. course in the Medical College, Madras, was discontinued and subsequently a scholarship of Rs.35/- per mensem was awarded to one Miss Edwin for the same study, leaving a balance of Rs.25/- still undisposed.

I beg to state that I am a poor Indian Christian of 80 years old drawing a small pension with which I have to support my large family. In my difficulties I have educated my daughter in the Good Shepherd Convent, Bangalore and finally in St. Joseph's College, Bangalore, where she passed the Intermediate examination in 1931. Subsequently she joined the Medical College, Madras and is now in the first year M.B.B.S. course. Except my small pension I have no other income. In view of my advanced age I am not able to do any kind of work by which I could add to my small pension. In the circumstances I most respectfully beg of you to kindly recommend to my daughter a scholarship of Rs.25/- per mensem, the balance now available; this would help me to a very great extent. I may

mention

mention here that, if I do not get any help, I find that I will be forced to withdraw my daughter from her studies, a course which will be heart rending, after giving her so much of education up to now, under adverse circumstances.

I once more beg of you to kindly consider the case and give my prayer a sympathetic consideration.

I beg to remain,
